

Zen Therapy

Buddhism, therapy and cultural engagement: an emerging synergy

Madrid 25th - 27th
September 2015

How can Buddhism deepen its influence and support a more compassionate society by drawing on the transformative potential of the dharma in the field of psychotherapy?

International practitioners and educators will explore these and other related questions in what promises to be a rich and thought provoking conference. Please join us for this wonderful event.

Speakers include:

David Brazier, Maurits Kwee, Wangmo, Florence Simonnet, Massimo Tomassini, Francoise Guillot, Dr. Ortwin Lüers
